

17th Annual  
**Focus On Life Dinner**

Featuring

# Mark Blocher

With emcee **Bob Dutko** from **WMUZ**

Tuesday, October 23, 2007

6:30-9:30

Crystal Gardens

5768 E. Grand River, Howell, MI

Dr. Blocher is an Associate Professor of Interdisciplinary Studies at Cornerstone University in Grand Rapids. He also serves as Captain of the Michigan State Police Chaplains corps. He has published numerous magazine, newspaper and journal articles on bioethics. He served on a citizens' advisory committee for the Ethics, Legal and Social Implications Division of the Human Genome Project for the U.S. Department of Health and Human Services. Come hear why embryonic stem cell research (ESCR) and cloning must be banned from our land. Dr. Blocher is an excellent speaker who brings clarity to the bioethics behind the science of human cloning and ESCR. The push is on for our tax-dollars to fund embryonic stem cell research. Learn why embryos must have our protection too!

## STEM CELL RESEARCH: TRUTH VS LIES

Individual reservations \$50 per person  
 Personal table of 10 for \$450 - *save \$10 per couple!*
